JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 7 November 1973

25X1 1. [redacted] Met with Ralph Preston, House Appropriations Committee Staff, and reviewed with him the questions posed by Representative Robert Tiernan (D., R.I.), concerning coordination with NASA concerning Department of Defense acquired satellite technology. Preston will raise the question with Chairman Mahon and be back in touch. Dr. Steininger has been advised.

25X1 2. [redacted] Met with Representative Lucien Nedzi, Chairman, Intelligence Subcommittee, House Armed Services Committee, and gave him a copy of the Director's memorandum to Senator Symington of 6 November concerning Mr. Helms' memorandum to General Walters of 28 June 1972. I also gave him a copy with index of Mr. Colby's nomination hearings of 2, 20, 25 July 1973. In brief, these items satisfied Nedzi's needs for the moment, in order to respond to the press and other inquiries. He noted in passing an inconsistency between a question asked by Senator Nunn whether the substance of the 28 June memorandum had been discussed with Mr. Colby before or after it was written and the response that was given for the record. He appeared quite relaxed about the whole matter and thanked us for the information.

25X1 3. [redacted] Met with Frank Slatinshek, Chief Counsel, House Armed Services Committee, and filled him in on my meeting with Chairman Nedzi. I also gave Slatinshek a copy of the OSR memorandum of 6 November concerning the Aviation Week article entitled "Soviets Poise Three-Front Global Drive." Slatinshek will return the memorandum after it has served its purpose, but he asked that I brief Mr. Nedzi on
25X1 the article at the first opportunity. [redacted]

25X1 4. [redacted] Delivered to Fran, in the office of Garner Cline, House Judiciary Committee, a copy of the "Guide to CIA Statutes and Law," which was requested for use by Cline.
